

Jedes Jahr haben die Schüler und Schülerinnen die Möglichkeit, beim **Vienna English Vocational Award** ihre Englischkenntnisse mit jenen von anderen Berufsschulen zu messen.

Heuer wurde unsere Schule von **Gohar SALEEM (2G)** und **Daniel SAURER (3G)** vertreten. Beide wurden von der Jury (Vertreter der Schulaufsicht, Wirtschaftskammer, Arbeiterkammer und Nativespeaker) für ihre hervorragende Ausdrucksfähigkeit in der Englischen Sprache gelobt.

My name is **Gohar Saleem** and I am doing an apprenticeship with Allianz insurance company for a period of 2 years. Currently I am working in the Marketing department. Mrs Weichselbaum recommended me for the VEVA Competition and I had to represent my school there. I participated there because I thought that would be a nice experience and I can also add my participation into my CV. I have a huge interest in learning English and my target is to speak fluent British English. English is an international language and you need it in almost every job.

At the **Vienna English Vocational Award** I had to do many tasks like giving a small talk, participating in a discussion and also do a research on the internet to hold a presentation in front of the jury. After these tasks the six finalists were selected. Unfortunately I was not under the finalists but I got a certificate, which approved that I can speak English in B1 and took part in the competition. All in all it was quite a nice experience and I would recommend everyone to participate, who is interested in learning English.

My name is **Daniel Saurer**, I'm 19 years old and I live in Auersthal district Gänserndorf in a house with my parents, my sister Sarah and my dog "Henry".

I am currently finishing my apprenticeship at the Allianz Insurance AG.

My hobbies are weightlifting and other sports like running, cycling and swimming. I also I like to go out with friends. I competed at this contest to proof my English skills and make a name for myself in the company.
